

Is online betting legal in India? The exact answer

Online betting in India exists in a legal gray area. There is no central law explicitly legalizing or banning online betting, but individual states have the authority to regulate it, with 55 club finding out more specifically.

- Legal in Some States: Sikkim, Nagaland, and Meghalaya have regulated online gaming, including betting, under their state laws.
- Illegal in Some States: States like Andhra Pradesh, Telangana, Tamil Nadu, and Karnataka have explicitly banned online betting.
- Unregulated in Most States: Most Indian states do not have specific laws on online betting, making it neither explicitly legal nor illegal.

Betting on foreign websites is common, and many operate in India without legal restrictions, as they are based offshore. However, using such platforms involves risks related to payment processing and fraud.
